

Coaching & Student Attitude Survey

- We want you to be an active participant in helping develop our College and your opinion is really important to us.
- All students need to complete a brief questionnaire to gather your feedback on various aspects of College, including Coaching.
- We ask the same questions of each student every year to allow us to spot any trends in feedback.
- Your feedback does make a difference. For example, the Coaching Programme for this year has been changed to include additional sessions on managing money and mental health which students requested.
- Please respond by 5th February.
- Read the questions carefully and answer honestly.
