

Law

In the first term we consider the 2 main strands of law – Civil and Criminal.

I would suggest that prospective law students firstly research the key differences between Civil and Criminal law – looking up any new words they do not understand. Here is a good place to start - <https://www.thelawyerportal.com/blog/civil-law-vs-criminal-law-what-you-need-to-know/>

Once students are then clear on the difference, they can watch this tutorial and make notes on the court structure and appeal processes in the Criminal courts - https://www.youtube.com/watch?v=uWS_YQBeWPE

Then they can do the same for Civil Courts - <https://www.youtube.com/watch?v=Wf5-oBkqkbU>

Finally, to gain an understanding of the different types of law we that in this country watch Delegated Legislation - <https://www.youtube.com/watch?v=rIWbB2yBJA> and then consider and write a 250 word response to why delegated legislation is important during the Covid19 crisis. Including any examples of delegated legislation that have been made during this time.
